# Forgiven and Set Free

A post-abortive Bible Study

# Suffering IN Silence

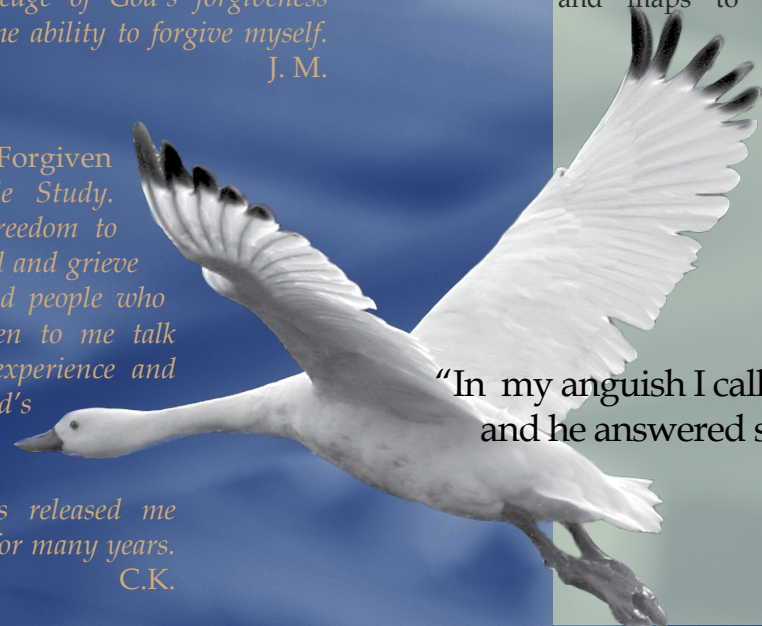

- On the outside does everything look fine?
- Do you go to work, take care of your family, go to church, eat, sleep and laugh just like everyone else?
- On the inside do you feel pain, loneliness, hopelessness?
- Are you suffering in silence because you have a secret?
- Do you think your sin is so great there is no forgiveness, no hope for healing?
- Are you hurting from a past abortion?

# Testimonials

*After many years of suffering in silence with the guilt and shame over my choice to abort my two babies, I finally found freedom from the guilt and shame of that choice. It was through the Forgiven and Set Free Bible Study that my life was changed forever. Now I know I have been forgiven by God to live my life in His grace and mercy.*  
- T.H.

*I used to live under a "black cloud" of guilt and shame. I knew in my head that God had forgiven me, but had not felt forgiven. Through the Forgiven and Set Free Bible Study, I gained the heart knowledge of God's forgiveness and the ability to forgive myself.*  
J. M.

*God led me to the Forgiven and Set Free Bible Study. There I found the freedom to acknowledge my child and grieve over my loss. I found people who were willing to listen to me talk about my abortion experience and to share with me God's truths. The healing I received through the Bible Study has released me from the anger I felt for many years.*  
C.K.

**There is no need for you to continue to suffer in silence.**

**Jesus is waiting with outstretched hands to forgive you, heal you and give you hope!**
